The CCPP provides a safe mechanism for citrus budwood distribution into California in accordance to regulations of the California Department of Food and Agriculture - CDFA to anyone interested to propagate citrus trees for commercial or personal use.

**Easy steps to correctly start your citrus tree:**

1. Visit [www.ccpp.ucr.edu](http://www.ccpp.ucr.edu)
2. Click on **BUDWOOD** in the top bar
3. Read the **Terms and Conditions of Budwood Supply** and click on **I Accept-Take me to the Budwood Order**
4. Enter your username and password. For new customers, click on **Register** to open an account
5. Place your order!

The CCPP distributes monthly citrus budwood to anyone to propagate citrus through grafting technique. The orders are handled one day before the shipment during the first week of the month. The shipment is made by FedEx Priority Overnight.
